SUBJECT:
MODIFICATIONS FOR CHILDREN WITH ATYPICAL
BEHAVIOR HS/EHS

APPROVED: 10-20-10

BY: Ron Griffin, Director

PURPOSE

Children who exhibit Atypical behavior that interfere with the child's ability to follow the daily schedule, classroom routine and display harmful behavior to self or others may require adjustments and or modifications to child's daily attendance. This is intended to support and maximize each child's social and emotional development and help the child adjust to a routine that will encourage support and build consistency and safety of all children

POLICY

Preschool Services Department will make necessary accommodations for children who exhibit Atypical behaviors

REFERENCE

1304.24(a)(3) Design and implement program practices responsive to the identified behavior
(i) Design and implement program practices responsive to the identified behavior

PROCEDURE

Children who have been identified by Mental Health / Interdisciplinary Team as benefiting from adjustments or modifications in daily attendance will first have to

- Follow referral process
- Child's area of need be identified by Interdisciplinary team or behavior that is being displayed and
- Recommendation will be written on Child Family Individual Plan.
- Plans will be reviewed on an ongoing basis and updated based on child's progress

Adjustments / Modifications are meant solely as a means to facilitate the child's transition into a classroom environment.
